### For parents / carers

By signing this form, you authorise the Academy to use your child's biometric information for the purposes described in the biometric information notice until he / she either leaves the Academy or ceases to use the system. If you wish to withdraw your consent at any time, this must be done so in writing and sent to The Parker Academy at the address at the bottom of the page.

Once your child ceases to use the biometric recognition system, his / her biometric information will be securely deleted by the Academy as soon as practically possible.

## Biometric Information Notice: Pupils

### Introduction

- 1 The Academy wishes to use biometric information (see paragraph 2 below) about our pupils as part of an automated biometric recognition system. This is for the purposes of:

System name	Purpose
CRB Cunninghams	Cashless payment for school meals

Sections 26 to 28 of the Protection of Freedoms Act 2012 (the **Act**) require the Academy to notify each parent / carer of a child and obtain the written consent of at least one parent / carer before we can use that child's biometric information.

### Biometric information and how it will be used

- 2 Biometric information is information about a person's physical or behavioural characteristics that can be used to identify him / her. The Academy would like to take and use information from our pupils' fingerprints and use this information for the purposes described in paragraph 1 above.
- 3 The information will be used as part of an automated biometric recognition system. This system will take measurements of the pupils' fingerprints and convert these measurements into a template to be stored on the system. An image of the pupil's fingerprint is not stored. The template (i.e. measurements taken from the pupil's fingerprint) is what will be used.
- 4 The law places specific requirements on the Academy when it uses biometric information, about pupils. For example:
  - 4.1 the Academy cannot use the information for any purposes other than those described above;
  - 4.2 the Academy must ensure that the information is stored securely;
  - 4.3 the Academy must tell parents / carers and pupils what it intends to do with the information;
  - 4.4 the Academy will not disclose the biometric information to a third party unless permitted by law. The Academy may however share the information with CRB Cunninghams for the proper use of the automated biometric recognition system. ### Providing your consent / objecting

- 5 The Academy requires the written consent of at least one parent / carer to use a pupil's biometric information. However, consent will be overridden at any time if the other parent / carer objects in writing. The Academy will also seek the consent of a pupil if he / she has sufficient maturity to exercise his / her data protection rights. In most cases consent will be sought from pupils going into Year 7 or above. Also, if a pupil objects to the use of his / her biometric information at any time, the Academy cannot collect or use that information. Parents / carers may also withdraw your consent at any time in writing addressed to the Academy.
- 6 Parents / carers and pupils can give their consent by completing and returning the Academy's biometric information consent form.
- 7 Please note that when a pupil leaves the Academy, or if for some other reason he / she ceases to use the biometric system, his / her biometric information will be securely deleted as soon as practically possible.
